V. O. FRENCH, PUBLISHER.

Bailey & Sons Win First Prize for Hard Wheat at Calgary Fair

It has not been generally considered that the Wetaskiwin district could produce the best hard wheat in the province, but all who have had that idea were evidently in error. The honor of bringing the wheat growing possibilities in this vicinity before the world rests with J. W. Bailey & Sons, who were awarded the first prize at the Calgary fair last week for the best two bushels of hard spring wheat. Mr. Bailey informs The Times that he had eight acres in wheat on his farm adjoining the city on the west, and it was from this field that the prize wheat was taken. Bailey & Sons were also awarded second for peas, one peck. The Wetaskiwin district is not only the best stock area in Western Canada, but grows the best grain as well, as is evidenced by Mr. Bailey's success.

Presbytery Meeting

The Presbytery of Lacombe met in Knox Church here on Monday with Rev. S. K. McKean, Moderator. There were present Messrs. James, Ramsay and Hamilton (clerk), ministers, and Messrs. Joseph Tilden and A. A. Cameron, elders. A hearty and unanimous call in favor of Rev. F. B. G. Dredge, M.A. late of Wilkie, was laid upon the table by First Church, Camrose. Provisional arrangements were made for his induction there on Wednesday August 23, at 8.45, Rev. J. I. Samuel to preach, Rev. Wm. Hamilton to address the minister, and Rev. C. E. A. Pockock to give the induct, and address the congregation.

Church Chimes

UNION SERVICES

The congregations of the Presbyterian and Methodist churches will worship in the Methodist church in the morning and in the Presbyterian church in the evening on Sunday next. Rev. M. L. Wright will preach at both services, the subject for the morning being "The Accepted Call," and for the evening "The Importance of Right Thinking." All are cordially invited.

NORWEGIAN LUTHERAN

Special services will be conducted at the Norwegian Lutheran church at Wetaskiwin and Wang on Sunday next July 16. Services will be as follows: At Wetaskiwin 10.30 a.m. and Wang at 2.30 p.m. Both churches will be dedicated and the corner stones laid at both places.

A two days' conference will be held at Wang church closing on Tuesday the 18th. Rev. T. H. Dahl, D.D., Prof. G. M. Bruce, D.D., and Prof. M. L. Stolee, all of Minneapolis will be present and conduct the services on Sunday. There will also be several other pastors from different parts of Alberta. Everybody cordially invited to attend these services.

Rev. J. P. G. Postvredt.

*Anyone having Willow Fence posts for sale, please apply at the office of the Revelstoke Sawmill Co. We will pay the best price.

The families of Rev. C. E. A. Pockock, A. E. Miller and E. B. Terry went to Pigeon Lake during the past week, to spend a few weeks camping. A. A. Ellis expects to take his family out the first of next week.

Wetaskiwin Schools Win Many Prizes at Calgary

The following is a list of the prizes won by Wetaskiwin students at the Calgary Fair last week, in competition against the entire province:

Group of still life, water, pencil or pastel 1 Ellen O'Brien, Wetaskiwin; 2 Ieta Ward, Wetaskiwin.

Figure, water, pencil or pastel, 2 Hills Austin, Wetaskiwin. Selected exhibit white and black drawings, grade 5, 1 King Edward school; 2 Alexandra school, Wetaskiwin.

Selected exhibit of black and white drawings, grade 6, 1 Alexandra school, Wetaskiwin.

Selected exhibit of black and white drawings, grade 7, 1 Alexandra school, Wetaskiwin; 2 King Edward school, Wetaskiwin.

Grade 10, Pupil, still life group, pencil, charcoal or color—1 Winnie Lande, pencil, charcoal, or color—1 Joel Peterson, Wetaskiwin; 2 Eva Angus, Wetaskiwin.

Grade 8, Pupil, figure, pencil, charcoal or color—1 Eva Angus, Wetaskiwin; 2 Edith Fowler, Wetaskiwin.

Grade 9—Pupil, pencil, charcoal or color—2 Ruby Lindskog, Wetaskiwin.

The young ladies of the city have formed a sewing class and will meet at the home of Mrs. F. E. Kelly, every Wednesday evening at eight o'clock. Their primary object is to sew for the Red Cross Society. All young ladies in the city are cordially invited to join the class, and help in this noble work.

The regular meeting of the Corps will be held in their rooms on Wednesday the 13th of next week from 4 to 5 p.m.

Town Topics

Two per cent beer, according to a decision of the license department, is a fermented malt liquor, and it cannot be sold in Alberta.

Mrs. Nelson has leased the building formerly occupied by John Butler & Co. and will conduct an ice cream parlor and confectionery store. When you advertise in The Times you know you are placing your advertisement where it will be most good—that is, bring most business.

Rev. R. W. W. Alexander of Vegreville was shaking hands with many of his old friends in the city on Monday. He was on route for Ponoka.

There can be no kick now about moisture. The steady rain of the past few days has come down deep and the crops are coming along by leaps and bounds.

The man who gets mad at what the newspapers say about him ought to return thanks three times a day for what the newspapers knew about him and suppressed—Amvillie Journal.

Chester Niles has leased the premises just vacated by the Wetaskiwin Wine and Spirit Co., and will carry on business as a tobacconist, cigar and confectioner. He will enter to both the wholesale and retail trade.

Look at the label on your paper and see how your subscription is. Mr. and Mrs. Chas. Bruce and a notice of Wetaskiwin, spent the week end visiting friends in Lacombe—Guardian.

A number of the Wetaskiwin boys of the 151st Battalion, who were spending a few days in the city with relatives and friends returned to the camp at Sarcee reserve this Thursday morning.

*Biller & Co. offer \$10,000 cash and a clear title revenue producing property in Edmonton for a well improved 640 or 960 acres. Also have 2800 acres clear title Southwestern Texas land to exchange for Canadian land, wild land preferred.

W. J. Blair, federal candidate for Battle River, was operated on at the Royal Alexandra Hospital, Edmonton, last week, for an old fracture of the left elbow. It was necessary to remove part of the old fracture and place a new piece of bone in the arm. The patient was resting easy since the operation, and his speedy recovery is expected—Herald.

The militia department has decided that for overseas forces no more Highland regiments will be authorized. Units at the front now wearing kilts will have to wear the trousers when their present uniforms are replaced by others. The chief reason for this change is that the kilts are not suitable for the tropics, especially in cold weather. They cause a great deal of trouble for the ordnance department, which has to issue special uniforms for the Highland regiments. The order will not affect the active militia regiments.

Program of the

Wetaskiwin Sports

Everything is beginning to point to a successful fair and race meet here on August 22nd and 23rd, under the direction of the Wetaskiwin Agricultural Society. The prize list is now in the hands of the printers and will be largely circulated as soon as it is off the press. The list of classes have been thoroughly revised, and many items have been added to the list of last year.

The following is the program of sports so far arranged:

August 22—Indian Race, half mile, best two in three heats, 1st \$5.00, 2nd \$3.00. Farmer's Trot, half mile, best two in three heats, \$20.00, \$10.00. Squaw Race, half mile, dash, \$4.00 \$2.00. Baseball game.

August 23—Indian Race, half mile, best two in three heats, \$7.00, \$4.00. Running horse race, half mile, best two in three heats, \$20.00, \$10.00. Pony race, half mile, best two in three heats, \$12.50, \$6.25. Squaw Race, half mile, dash, \$6.00 \$3.00.

Baseball Games. Rules—All ponies must measure 14 1/2 hands or under. Judge's decision to be final.

Two entries or no prize; three entries or no second prize. In Baseball Tournament, City teams barred. Prizes, \$75.00 to the winning team; \$25.00 to second team.

Rural Municipality

Court of Revision

The first court of revision of the Rural Municipality of Montegony, No. 458 opened on Saturday last in the secretary's office, but owing to the large crowd present, it was necessary to adjourn to the city hall. There were about two hundred appeals against the assessment, fifty of which were delayed on Saturday and the balance on Monday and Tuesday, the great majority of which were objected to the satisfaction of the appellants.

On Monday evening the council took up the regular monthly business which consisted of the passing of accounts and payables, and other minor details. The rate of taxation had not yet been struck but the council are endeavoring to keep it as low as possible so that not a few high taxes will not be a great hardship on the farmers. Full particulars of the Court of Revision will appear in next issue.

Letter From The Front

The following was received a few days ago by Richard Hawkins, from his nephew, Fritz, who is in the Grenadier Platoon, 32nd Canadian.

Just a few lines to let you know that I received your ever welcome letter, also the parcel, which I thank you for. I would have written before only I was too busy trying to get a few Huns, as I have been in the trenches about 22 days. We had done our 16 days and was out 36 hours when Fritz took some of our trenches and we were ordered to try and take them back. We had quite a few casualties as you will see by the papers, but Dyrden and I both are O.K. in the best of health.

The Canadians quite a few men taking the trenches back again, but the Germans laid a whole lot more than we did. Well, I don't think I will have to quit as I have about a dozen letters to write to let everyone know that I am O.K. and will bring off with love to all.

Dick.

Wetaskiwin Band

Wins Piper Cup

The officers and members of the Wetaskiwin B.O.L. celebrated the Battle of the Boyne by attending the march at Edmonton on Wednesday.

The lodge was accompanied by the Wetaskiwin Citizens Band, which again had the distinction of winning the cup given by Mr. W. Piper of Red Deer to the best band competing at the celebration. Rev. M. L. Wright, District deputy Grand Master for the province, was one of the speakers of the occasion, and the Bulletin reporter says he closed the program with an address full of eloquence, concluding with one of the most patriotic appeals of the day. A very large number of citizens accompanied the members and the band.

Obituary

The sympathy of the entire community is extended to Mr. and Mrs. Davidson in the loss of their little son, Ralph Norman, aged two months and eleven days, which sad event took place on Sunday last. The interment took place on Tuesday.

Ell Moore was at Strome on Saturday last embalming the remains of the late Peter Pierre, an old-timer of that district who passed away on Wednesday morning last at the age of 45 years. The remains were taken to Amproir, Ont., for interment.

W. C. T. U.

The W.C.T.U. wish to gratefully acknowledge the gift of a "Big Boy" full of lemons, contributed by the pupils of Cherry Grove school and forwarded by their teacher Miss E. Cornell. The amount will be applied on postage for the soldiers' "News from Home" budgets.

The ladies of the W.C.T.U. will entertain at a "Veranda" Tea on Wednesday, July 19, from three to six o'clock at the home of Mrs. E. Campbell, Andrews St. Everyone is cordially invited. Silver collection.

Roosevelt has definitely declined the progressive nomination and Hughes and Wilson will fight it out for the Presidency with Roosevelt supporting Hughes.

Town Topics

Tom Spencer of Camrose was in the city the fore part of the week.

H. E. Cutler and family went to Gull Lake last week to spend a few days' holiday.

Sgt. Phillips of Jasper, is in the city today on business and shaking hands with friends.

C. S. Crosby of Red Deer is in the city this week spending a short vacation with his parents and other relatives.

Geo Taylor, of Medicine Hat, arrived in the city on Tuesday on business, and to incidentally renew acquaintances.

Mr. and Mrs. Odell left for Lacombe last week where they will spend a few days of their vacation with relatives.

Miss Edith Stone, of Coronation, arrived in the city on Friday last to spend a few days with friends in the city and district.

Mr. Hubbard, recently from Wyoming, has purchased the barber shop in the Briard Block, and took possession on Saturday last.

Mrs. R. A. Elliott and son left on Wednesday evening for Winnipeg, to spend several weeks with relatives during old acquaintances.

Mayor Angus went to the Capital on Tuesday for the purpose of seeing the attractions and to bring down another car to add to his garage.

Mrs. Robt. Noble left for Buffalo, N.Y. on Tuesday, where she will spend a couple of months with relatives and friends.

The families of Dr. R. D. Robertson, E. Roberts and A. G. Gross went to Gull Lake during the week to occupy their cottages for the summer.

A very large number of our citizens attended, or are attending, the exhibition at Edmonton this week. The attractions are said to be better than ever.

An excursion will be run to the experimental farm, Lacombe, on Friday, July 21. The train leaves Wetaskiwin at 9.20 a.m. and the fare for adults is \$1.00.

Rev. Zastchek returned this week from attending the Synod meeting of the German Lutheran denomination in Winnipeg, which closed on June 25th to July 5.

Jas. Scott met with a painful accident at the depot on Friday last when a large steel plate fell on his foot. He will be laid off work for a while in consequence of the accident.

John Amherl is having his house moved from Railway street west to his farm south of the city. Teddy Amherl, his son, is having his house just vacated, and will enlarge his garage.

Mrs. J. H. Martin is the first person in the city to have new potatoes for use—at least so far as we have heard. She had a nice crop on Thursday, and they were quite large and firm.

*We wish to announce that we are taking orders now for early fall coal—Bankhead Nut, Briguettes, King Lump and the famous Gold Lump. We are the sole agents for these coals in this locality. Revelstoke Amvill Co.

Mrs. B. M. Grein and Miss Mary Price, of Wetaskiwin, who have been guests at the home of Mr. and Mrs. J. C. Scheeler and other relatives and friends in the village and district, returned home on Tuesday morning. Mrs. Grein is a sister to Mr. Scheeler.

Robt. Noble, of the Briard Hotel, went to Edmonton on Tuesday morning, where he has charge of the light horses at the exhibition. Mr. Noble has performed a great deal of work, which is sufficient evidence that he gives the best treatment and excellent satisfaction.

Sgt. H. Mattson, recruiting officer for the 223rd Battalion, is in Edmonton this week with a view to securing recruits for his battalion. Among the latest of the Wetaskiwin recruits to sign up is James Bragdon, late of St. Bonaventure, who is well known in the city, and will remain here for a time to aid in recruiting. Others who have signed up with the battalion during the past few days are Mike Sullivan, C. Anderson and Peter Crane.

PURSE LOST—ON WEDNESDAY evening near depot, a black purse, containing a sum of money. Suitable reward by having same with W. Shearing, Chief of Police. 16-1tn

Government Special Train

Here Last Monday

The Mixed Farming Special, which was at Wetaskiwin on Monday afternoon last, has a three hours' school and exhibition for the people who visit it. This year the train runs straight from Macleod to Edmonton and also runs a distance east and west from these terminals on the Grand Trunk and Canadian Northern from Edmonton and on the Crow's Nest in Southern Alberta. The railway companies and the Dominion government are working in conjunction with the provincial department of agriculture. The railway company makes the cars free of cost and the Dominion Department of agriculture makes a substantial grant to help to pay for this work. The preparation of the service, the lecturing and the advertising and the carrying out of the exhibition arrangements are in the hands of the Provincial department of agriculture.

The train is made up of fourteen cars in all. Two cars contain stock consisting of horses and cattle for lecture and demonstration purposes. Two breeds of heavy horses, Cheshires and Percherons, are presented and three breeds of cattle, Shorthorns, Herefords and Ayrshires. Two cars, a pullman and a dining car, are also included.

The other ten cars are for the lectures and exhibits. Two cars are given over for the display of models of buildings for livestock and poultry and to various conveniences and appointments such as the feeding boxes, racks, nests, etc. A half of one car is filled with dairy machinery, graded dairy products, classes of commercial graded eggs, etc. Milk testing is demonstrated in this car. Another car contains exhibits of grains, forage crops, silage and other products of the farm. The exhibits are shown in a building which is a copy of the model of a modern farm building. The exhibits are shown in a building which is a copy of the model of a modern farm building. The exhibits are shown in a building which is a copy of the model of a modern farm building.

Simple, wholesome living from our commodious available and cheaply produced foods.

Half a car has models of buildings such as are used on the farms. Exhibits of ensilage are also shown. On all the farms it has been demonstrated that ensilage is proving the best kind of winter excellent feed for young stock and dairy herds, and it may consist of green corn, alfalfa, or any mixture of these that happens to be grown.

Half a car is devoted to Dr. Talbot's department. This year he is showing skeleton parts of a horse with structural changes due to such diseases as ringbone, sidebone, splint etc. He also shows a variety of poisonous weeds growing, which have been plucking cattle, horses and sheep men a good deal of trouble. A half which have been making work for the veterinary department.

Not the least important of the conveniences and services provided for the ladies is the nursery car with a capable woman in charge who has passed out a lot of the ways in which children like to be entertained while their mothers are looking over the hatching, brooding, stretching and canned beans in the other cars.

For completeness and instructive interest, the train is said to be the best that has yet toured any of the Western provinces.

HALF TRUTH A FALSEHOOD

The newspapers of the United States were recently circled with a statement; that large increases in the production of distilled liquors in America proved the failure of prohibition. The inference is a fact; the inference is absolutely false. Wholesale and retailers of liquor are warning each other against buying on a liquor market suffering from over-production. Millions of gallons of alcohol and spirituous liquors are being exported for the manufacture of ammunition to be used in the European war. It was recently announced that a million gallons of California brandy would be denatured and sent east in one lurch for the manufacture of powder and high explosives. According to one authority, a barrel of alcohol and a half of cotton are consumed every time a large gun is fired in the war. This explains why the United States is experiencing at the present time such a tremendous demand for alcohol. The first mentioned report was a half truth amounting to a whole falsehood. It is pointing strange the whisky makers should oppose prohibition, as they claim, "prohibition increases the consumption of whisky."

TO SAVE GASOLINE

Whether or not gasoline can be produced and sold at prices lower than the present, some hope for automobilists seems to be held out by an invention of Mr. Henry M. Reichenbach, of Rochester, a chemist at one time employed by the Eastman Kodak factory. In a demonstration of his invention held in New York city, Mr. Reichenbach is said to have proved with a selected car, of which the mileage per gallon was 11, that by the use of this device the average mileage can be increased to 164. In explaining the mixture of the fuel he says: "We used a mixture of one part of 60 degree gasoline, the kind now found on the market, and one part of 40 degree kerosene, thus totaling 50 degree kerosene so that this result was obtained with an oil considerably heavier than now used by automobilists. I think we may count on an average increase of 50 per cent in mileage." Mr. Reichenbach first began to work on a carburetor for the use of heavier oil some years ago. The principle of the new device, it is said, is to break up the fuel more completely than is now done in other words to inject the charge into the cylinder in the form of a fog rather than that of a spray.

PLAN TO GET RID OF GERMAN MADE GOODS

Retail merchants who purchased German made goods before the war have found themselves in a difficult position. If they did not dispose of the goods they suffered a financial loss that they could ill afford. If they did offer them for sale someone would discover the "Made in Germany" tag, and the unfortunate vendor would be denounced as a traitor and a renegade and guilty of trading with the enemy. It was an unpleasant predicament either way. The retail section of the board of trade has been discussing the case of merchants who have German made goods, purchased and paid for before the war, which they are unable to dispose of because of public sentiment. In discussing the matter, it was suggested that perhaps the newspapers might institute an advertising campaign, whereby the merchants who have their goods tied up in this way, advertise the fact that during a certain period they will put on a special sale of these goods, the newspapers probably starting a special advertising page for that purpose and explaining how the enemy's goods happen to be on the merchants' shelves. In this way the stock could be disposed of, and the money that is now tied up will be released for the purchase of Canadian or British goods.—Ex.

INSTRUCTIONS

Two Irishmen were among a class that was being drilled in marching tactics. One was new at the business, and, turning to his companion, asked him the meaning of the word, "Halt!" "Why," said Mike, "when he says 'Halt,' you just bring the foot back on the ground to the side as if your leg's in the air and remains motionless."—Winnipeg Tribune.

To render biscuits, cake and muffins healthful, appetizing and digestible, use

Dr. PRICE'S

CREAM BAKING POWDER

Made from Cream of Tartar, derived from grapes.
Absolutely Pure—No Alum

PLENTY OF TIME.

A man stood waiting for a suburban car. A newsboy asked, "Paper, mister?" The man muttered a "No," and the boy went away. Two minutes later the boy approached again and asked: "Paper, mister?" "No," said the man, angrily, "I told you I don't want a paper." In a few moments the newsboy returned. He looked at the waiting man and asked, "Shine, mister?" This time the man replied with a roar, thundering "No." The boy departed.

A fourth time the newsboy came back to the man and in the meek accents inquired, "Please, mister, what time is it?" The man unthoughtfully overtook pulled out his watch, and then replied, "Ten minutes of one."

"At one o'clock you can go to hell," shouted the boy, and started to run. The infuriated man took after him. The boy dodged around a corner and past a policeman, but when a man came running the blue-coat decided to investigate. "What's the matter?" he asked.

"That young whelp you see running told me to go to hell at one o'clock."

"Well, what's your hurry? You've got eight minutes yet," said the policeman, replacing his own watch.

TOBACCO

Tobacco is a harmful weed, the learned physicians are agreed. It stains the teeth and bites the tongue, and injures larynx, heart and lung, it spoils the whiskers, taints the breath, and sends man to an early death, and when he's laid beneath the sod, the legal lights divide his wall. And yet if this pink weed were harrowed, we'd find the smoking pretty hard, for in one third tobacco's blast, in that it soothes a savage beast. And many lunatics are serene, who would be quarrelsome and mean, indulging oft in mortal grips, if you should take away their pipes. When I am smoking 'I'm at peace sublime, I cut out smoking for a time, I'm sore as any growling bear that mumbles snarles in the lair, and all the women in the shop are hosing I will soon get back to blowing smoke around my room, even though it means an early tomb.—Walt Mason.

WHAT SALT WILL DO

Salt will revive a dying fire.
Salt will remove stains on marble.
Salt—coarse—is a good cleanser of iron.
Salt mixed with soda is a remedy for bee stings.
Salt in water or other fluids will retard the loiling.
Salt and water make an excellent throat gargle.
Salt and hot water will thaw a frozen drain pipe.
Salt will remove tea stains from delicate china cups.
Salt spread in blackberry launts will kill the pests.
Salt added to snow makes the mixture much colder.
Salt and water, warm, will stop hemorrhoids from itching.
Salt, thrown on a fire, will extinguish a burning chimney.
Salt and lukewarm water is an excellent lotion for eyes.
Salt and warm water is an emetic in cases of poisoning.
Salt mixed in cold water will remove bloodstains from linen.
Salt sprinkled on a range will absorb all grease splinterings.
Salt, warmed, and rubbed on a soiled light coat, will clean it.

WHY IT PAYS TO READ THE ADS

Mrs. Housewife, if you picked up a favorite family paper the evening and saw a new baking powder advertised, would you try that brand tomorrow? Hardly! Why? Because you do not know the brand. How do you become familiar then, with most of your household necessities? through advertising. An article that you see advertised continuously appeals to you. Your good sense tells you it must be right, else it could not remain on the market. And what advertising is to an individual article is to a business institution. Advertising draws trade to a store. If that store continues to advertise it is satisfying its customers. No business can amount to much without advertising, nor can advertising do any business any good unless the business lives up to its advertisement. Here then is plainly seen why it pays to trade with the continuous advertiser.

Town Topics

Relatives of soldiers who are getting, or would like to get, their home paper, will confer a favor on the boys and the editor alike by sending to this office any change of address of which they are notified.

We actually heard a lady remark that we were slow because we did not publish the names of her visitors. Well, we imagine she is slow, or that we were, or she would have telephoned their names to us, an act we would have appreciated very much.

The majority of the weekly papers in Ontario have decided to reduce the size of their papers, owing to the scarcity and increasing cost of paper. In the west the situation is much more acute, and most of the papers are working on a hand-to-mouth basis.

By arrangement with the department of militia every soldier leaving Canada must receive instruction in first aid to the injured. The St. John Ambulance association has appointed instructors in every province and these are given the rank of sergeant instructors by the militia department. These men take the different battalions in turn and give them a short course in the very important subject of first aid.

MILBURN'S

HEART AND NERVE PILLS

CURED

Salvation Army Captain.

Capt. Wm. E. Sanford (Salvation Army), 38 Jarvis Court Ave., Toronto, Ont., writes: "A short time ago I suffered from heart trouble, which seemed to come on me very suddenly. I was so bad, that at times it seemed as if it was all I could do to breathe. I noticed an announcement of Milburn's Heart and Nerve Pills, and decided to give them a trial. After taking two or three days' treatment I felt fine, and my heart has not bothered me since. If this testimony would be of any service to others you are at liberty to use it."

To all who suffer from any form of heart trouble Milburn's Heart and Nerve Pills will give prompt and permanent relief. They strengthen and invigorate the action of the heart, and tone up the whole system.

Milburn's Heart and Nerve Pills are 25 cents per box, or 3 boxes for \$1.25. For sale at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WHEN A MAN'S DISCOURAGED

When a man's discouraged, then He needs grass and trees and sky More than he needs fellow men Who give him sigh for sigh; Needs to see that fortune's flags, Have no influence on things.

Trees and roses, in the dew, Since that chaotic time bloom Lift the man that's feeling blue. Right out of the depths of gloom, Show him that the hand of fate Loosens, if we only wait.

Life has its lessons for us all. But the greatest ever learned, Is, no matter what befall, Things keep growing unconcerned; Things that have to grow, they grow In the meanest winds that blow.

Lily, pink or buttercup, Though you crush it with your heel, In an hour is looking up— Hasn't got the time to feel That the world's against it; No, It knows it has to grow.

Even weeds turn to the sun, Just as other things that grow, Looking up for light and fun, And forgetting, care and woe, And they never look in vain, Spite of driving wind and rain.

When a man's discouraged, he Don't want folks that sympathize, What he wants is grass and trees And the courage of the skies. Things that have to grow, they grow In the meanest winds that blow.

MANY IN WETASKIWIN

TRY SIMPLE MIXTURE

Many Wetaskiwin people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as listed in Adler-Ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses as often relieve overpriced appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-Ka is astonishing. T. F. Ball, druggist.

To Robert Bailey, Esq.

TAKE NOTICE that Edmund Parker, through his Solicitor, Robertson, Winkler, & Company, Edmonton, Alberta, has commenced an action in the District Court of the District of Wetaskiwin, against you claiming payment of the sum of \$475.39, as being the amount due under a certain lease note given by you to the Plaintiff, dated at Edmonton, April 22, 1914, together with interest on the sum of \$475.39 at the rate of 8 per cent per annum from the 28th day of February, 1916, and the costs of the said action.

AND TAKE NOTICE that in default of your filing a Statement of Defence with the Clerk of the District Court at Wetaskiwin on or before the 30th day of July, 1916, Judgment may be given in your absence, without further notice to you.

DATED at Wetaskiwin, in the Province of Alberta, this 26th day of June, A.D. 1916.

E. E. CHANDLER,
Clerk of the Court.

Approved: 16-37n.

GERMAN SUBMARINE CROSSSES
THE ATLANTIC

Baltimore, July 9.—The German submarine liner Deutschland anchored below Baltimore tonight, after voyaging safely across the Atlantic, passing the allied blockading squadron and shelling enemy cruisers waiting for her off the American coast. She carries mail and a cargo of 750 tons of costly chemicals and dye

stuffs, a message from Emperor William to President Wilson and is to carry home a cargo of nickel and crude rubber, sorely needed by the German army.

The Deutschland carried, mounted in her conning tower, two small guns, of about three inch calibre. No torpedo tubes are visible. She is capable of submerging in less than two minutes. On the surface of the water the submarine has a speed of from two to three knots an hour.

more than the average merchant steamer.

Fifteen days out from Bremerhaven to Baltimore, the submarine reached safely between the Virginia capes at 1:45 this morning. Three hours later the big submarine started up the bay under her own power, flying the German merchant flag conveyed by the Cincinnati.

She was making more than 12 knots and could have docked in Baltimore tonight, but arrangements had been made for receiving her with formal ceremony tomorrow and her captain was ordered to wait in the lower harbor. He and his crew of 29 men remained aboard his craft.

The Deutschland is a new commerce carrier, according to Henry G. Hilken, the senior member of the Schenck & Co. Ltd. She belongs to the Ocean Liners Limited, and was launched at Kiel in March. The undersea liner is about 315 feet long, and thirty feet beam, and is propelled by two great Diesel oil engines. She is as large, if not larger, than any of the German naval submarines, and carries 750 tons dead weight or cargo. As to details of her construction, Mr. Hilken said he was waiting for information.

To whom the Deutschland's cargo is consigned, Mr. Hilken said he did not know, but he believed it was going to a number of countries, mostly in need of dye stuffs. When she will return, or whether it is planned to have her make regular transatlantic trips, Mr. Hilken refused to discuss.

"The plan was conceived," he said, "by German commercial interests who wanted to re-open trade with the United States. We need some of Germany's commodities and Germany needs some of ours. It is of a purely commercial character and that is all there is to it."

SIR RIDER HAGGARD MAKES AN ELOQUENT APPEAL FOR RECRUITS

"By the flag of your fathers, by the sacred blood that has been shed for you, I invoke you to be men and take your share in this new holy war." This was the stirring appeal to the big recruiting meeting, at Victoria Park yesterday afternoon of Sir Rider Haggard.

Much has been done, said Sir Rider Haggard, and everywhere where he went there were evidences of the part taken by the Empire and its determination to carry it to a finish. In Africa, he saw the territory taken from the Germans by those who most long since, were fighting against the Empire; in Australia he saw thousands marching through the streets on their way to the front, and there they said they would have compulsory service if needed. He saw in New Zealand when national service was passed, and in Italy, he saw thousands passing out to help in the little island of Ipi in the east, strong contingent going to reinforce the children of the Empire.

Everywhere the children of the Empire were gathering around the banner of the king. Yet, with all this, there was much that yet remained to be done. He frequently saw the hanging around depots and about the corners of streets who should be standing in the corners of trenches, and it was not that they were lacking courage, but that the necessity for them personally to enlist had never been brought home to them.

The Empire was at stake, and it would be until every man was in arms. Germany was after world power, and he believed that had England not come into the fight she would have lost it. France would have gone first, then Russia, and then she would have concentrated on the British empire.

Then how did she start about the fight. It was too long to mention. They had heard Colonel Le Prohon's story of the little girl who lost her hands; they had heard of the crucified soldiers, and they had heard of the women who were taken toward women. Such was the road and means by which Germany would travel to victory. Britain was a waste and if Germany had her will, England would be a waste as well. Let them think over these things seriously, and if they were fit to go they would no longer hesitate, but help them if they ever fell into the power of Germany. He did not believe all the talk about Germany going to pieces, she was as united as ever, and there was something to admire in this unity. Germany had to be crushed and then they would rise again, and have to be crushed once more.—Bulletin.

SOLDIERS IN ENGLAND TO VOTE IN B.C. ELECTIONS

Victoria, July 10.—Premier Borden received a cable from Sir Geo. Foster, who is now in the German army, stating that the war office was quite agreeable to British Columbia soldiers, in training in England, taking part in the coming provincial election. The proposal to have them vote for their home candidates, will, therefore, be carried out.

It will be manifestly impossible in view of the fact that every British soldier is busily engaged in the "big push" to attempt to secure the votes of men now at the front.

THOMPSON'S GOVERNMENT ROAD
GANG

(Composed by 13-year-old girl)

At the government camp, by a birch bark fire,
I will tell you about the men out there.

At the head of the table sits Anderson, the boss,
He is very tall and lean, and lanky;
But when it comes to a ladies' man
His Joseph Kelley that takes the stand;
Albert Dahms, the fattest of all,
Upsets the bench just to see the men fall;
John Nordin always gets the wood,
And he never complains about his food.

Down the line is the Widow's home,
Where Alberta Carlson likes to roam;
Eric Nordin is a fair haired beauty,
And for prowling at night he takes the lead;
Dell Carnegie was here for a while,
But now he mixes his pistol milk;
Victor Thompson, boss of the gang,
Will never allow them to use a n y slang;

Archie Rippon, who handles the plow
Can't be beat in this country, I vow
Walter Woods, the camera man,
Takes a picture whenever he can;
Gills, the new man, we don't know him,
Will have to tell you about him a- gain;

Eric Nordstrom was here for a week
But it was too hard on his little bare feet;
But Archie Nordstrom, he stayed quite a while,
You would think shaking rations was all the style;

One day the minister all had to run,
When George Atkins' horse fell over the tongue;
Joseph Carter is in statue snail,
But for work, she does not count at all;
Last but not least comes Ed. Edin,
Selfish hard, but always seen;
But take them all you will agree,
A better bunch you'll never see;
And I hope no one will take offence
At this little bit of nonsense.

—V.I.K.

TWO POUNDS OF POTATOES PER
WEEK LIMIT OF HUNS

Amsterdam, July 10.—The potato harvest in Germany will be delayed a fortnight, according to the Berlin newspapers. As an evidence of the growing autumn of the potato shortage, the Berlin municipal authorities, in co-operation with the authorities of the suburbs, have decided that for the present holders of potato tickets will receive only two pounds of potatoes a week.

At a conference of the potato holders an extra 400 grammes of flour. Getters of meat cards must also face a decrease in their allowance. The quantity is fixed at 225 grammes (about 8 1/2 ounces). This reduction is ordered on account of the lessening numbers of cattle on the market.

The shortage of potatoes in Germany has been a serious factor in the food situation, according to a statement made by Adolph von Batocki, Germany's food dictator. Early in June the German authorities proposed to prohibit meat consumption for two months. This plan was vetoed by von Batocki, who stated that it was inadvisable because of the lack of potatoes which take the place of the necessary fats.

The first meat cards were issued in Berlin June 6 of this year, and provided for a weekly ration of 300 grammes (about 12 ounces) per head. This amount was reduced to 240 grammes on June 25. As an indication of the scarcity of cattle, the hinders and breeders brought six times their normal price at the market held recently in Esbjerg.

The first electric storm of the season visited Bawlt early Tuesday morning, lightning striking the public hall owned by J. C. Paulson and badly damaging the front of 230 Main St., exploding a tank of gasoline at the rear of the hall. We are glad that lightning also struck the residence of Mr. Oaf Olesch, but fortunately no one was injured beyond a shock.—Bawlt Sun.

Had Pimples and
Festering Sores
ON HER FACE.

When the blood gets bad, boils, pimples and festering sores are sure to break out on the face and body. To get rid of them the blood should be cleansed by Burdock Blood Bitters.

Mrs. Charles Jewell, Orville, Ont., writes: "I feel it my duty to write and tell you about what Burdock Blood Bitters has done for me. I was so pale and had no color at all. I also had pimples and festering sores on my face, and my head ached nearly all the time. I had seen reading in the paper and saw that Burdock Blood Bitters was good for such troubles so I tried a bottle and before it was half done I felt fine, and when the bottle was finished I felt like a new woman. I tell all my friends about it, and advise everyone suffering from such trouble to use B.B.B."

There is only one B.B.B. That is the genuine, manufactured by The T. Millburn Co., Limited, Toronto, Ont.

THE STAR STORE

Mid-Summer Sale Now On At The Star

Our Annual Mid-Summer Sale now on and our ad. shows you a few numbers only which we are showing for this sale. While in our store you can look over a large number of different lines on sale all marked separate tickets. Buy now while we have our goods marked so as we can save you money on all the lines marked, Mid-Summer Sale.

Middle Blouses	Straw Hats	Sun Shades for All
Just received a small shipment of Middle and White Skirts. Sizes 34 to 44. Middle, price \$1.15 and \$2.50. Skirts all sizes prices same as Middle. Main Floor Department. Warning Re Coal

We wish to call your attention to the advisability of placing your coal orders as early as possible. We are arranging to accept stock coal orders for shipment to store in June instead of July as heretofore.

We are doing this for the reason that the mines are now experiencing great difficulty in getting sufficient labor to ensure an output sufficient to fill storage requirements in two months.

We consider the situation such that you should fill your bins with every pound of coal that they will hold and you should place your order with your local dealer for part or all of your next winter's requirements. We anticipate the labor situation to become worse as the season progresses. We believe that with an average winter it will be a physical impossibility for the mines to supply the demand. In justice to the trade we want to inform you of the conditions as they are at this time.

As we are warned by the C.P.R. Coal Agencies we think it best to let you know these facts ahead of time.

The World's Markets

Chicago, June 11.—Heavy selling to realize profits turned the wheat market dovetailed today after advance that was due to broadening of black rust complaints. The close was unsettled 1/4 to 1/2 cent lower, with July at 10 1/2 and September at 10 1/4.

Corn finished in a shade up and oats gained to 1/4 to 1/2 of a cent. In provisions the outcome was 15c to 10c decline.

Black rust complaints came today not only from North Dakota but also from South Dakota and from Minnesota as well.

In South Dakota the plague was said by a well-known authority to have been found in a section where the wheat was still in bloom. The gossip was current that heretofore black rust had never started on a crop so early but what the result was disastrous. However, the ensuing advance in prices and the temptation to secure profits seem too alluring to be ignored. It was pointed out that this summer last year's recent total advance of about 10c and that at least a temporary reaction was looked for.

On the backward sweep of wheat prices, the offerings became too numerous to be readily absorbed, and the excellent harvest weather in the southwest tended to bring about declines. The break was finally checked by word that export business in late June had been larger than was generally known.

Corn awayed with wheat. The dry weather in the southwest, though, prevented any material fall in values. Oats held firm on account of a bad crop reports from eastern Illinois, and from parts of Iowa. Besides, there were larger sales to the seaboard.

Was Troubled With Stomach and Liver FOR SEVEN YEARS. MILBURN'S LAXA-LIVER PILLS CURED HER.

Mrs. Thomas Sargent, Berkeley, Ont. writes: "I have been troubled with my stomach and liver for the past seven years; also have had constipation, causing headaches, dizziness and diarrhoea, and at times I would almost fall down. I tried all kinds of medicine, without obtaining any relief. I commenced using Milburn's Laxa-Liver Pills, and they have cured me. I have recommended them to many of my friends and they are all very much pleased with the results they have obtained from their use. The price is 25 cents per vial, or five vials for \$1.00.

If your dealer does not keep them, they can be ordered direct of Milburn's, by The T. Milburn Co., Limited, Toronto, Ont.

CONFERENCE OF PATRIOTIC FUND WORKERS DECIDE TO KEEP VOLUNTARY SYSTEM

The conference of Patriotic Fund workers from all parts of the province which took place in the Mackinac Hotel Tuesday, decided to continue to the voluntary system of raising contributions, but not until the delegates being in favor of a Dominion tax as the better way to get at the slackers. The sum required of Alberta for the fiscal year ending August 31, 1917 will be \$750,000. It is estimated that \$1,500,000 will be necessary to provide for the soldiers dependents in the province during this period, but half of this amount will be furnished by the central committee. Of the \$500,000 required for the year 1915-16, according to the statements submitted to the conference, Northern Alberta has raised \$217,644.75 and Southern Alberta \$177,155.36.

At the morning session, which was presided over by Lt.-Col. D. W. of Calgary, Sir Herbert Ames delivered an address outlining the work of the fund, and the fundamental principle of it, following which a resolution was unanimously passed declaring that there be no further reduction of the fund, but that the amount payable to volunteers' dependents. It was also decided that a committee be appointed representing the northern and southern branches of the fund in the province for the purpose of procuring uniformity in the amounts paid by the respective branches in the various classes of dependents.

Sir Herbert Ames emphasized the fact that owing to the dimensions of the war they had found themselves up against a problem very much greater than anticipated, and while he admitted that mistakes had been made, he thought, however, the organization had been responsive to the public opinion, and administration had appealed to the sentiment of the people of Canada, so that they had enjoyed a measure of public confidence which was, after all, their principal asset. He anticipated that for the year ending September 1 next they would need from the Dominion the sum of twelve million dollars and to raise this sum they would have to assure the public that the money was spent wisely and honestly, and that their accounts were open to inspection and they were ready to answer any question regarding administration.

They would also have to assure those who subscribed that every part of the country was acting up to the collar. The object of the fund was to deal with cases that really needed assistance, and to supply the difference between bare sustenance and decent living. They went straight to the men; it was a case of either fight or pay. Pointing out that there could be no uniformity in the sums paid dependents owing to the wide difference in cost of living throughout the Dominion, he said that on a per capita basis of \$1.60 for a population of 500,000 Alberta would have to raise \$800,000 for the fiscal year beginning Sept. 1 and August 31, of next year. Striking of the contributions from the rural districts, he stated when the matter was properly brought before these communities they subscribed willingly.

ALBERTA FAIR DATES 1916

The following schedule of fair dates for 1916 have been adopted by the Alberta Fair Association:

Edmonton—July 11 to 15.
Alx.—July 12.
Ponoka—September 12-13.
Initial—September 13-14.
Leeds—September 15.
Olds—September 20-21.
Stony Plain—August 15.
Vegreville—August 16-17.
Camrose—August 17-19.
WETASKIWIN—August 22-23.
St. Albert—September 4-5.
Fort Saskatchewan—Sept. 6-7.
Kitscoty—September 8.
Lloydminster—September 12-13.
Vermilion—September 14-15.
Manville—September 19.
Edmonton—September 20-21.
Coronation—August 14-15.
Consort—August 16-17.
Birdsboro—August 18.
Charvin—August 1.
Irma—August 2.
Strome-Killam—August 4.
Sedgewick—August 5.
Dayland—August 9-10.
Bowden—October 4.
Bashaw—October 6.
St. Paul de Meric—September 6.
Rik Point—September 8.
Viking—September 6.
Holden—September 7.
Holden—September 8.
Wainwright—September 12-13.
Edmonton—September 14.
Provost—August 10.
Hargreaves—August 11.
Lacombe—August 15-16-17.
Stettler—September 15-16.

Here's a chance for our women. Rev. Dr. Kirby announced at a recruiting meeting in Edmonton recently that the Dominion Government was asking for 4000 women to work in munition factories and to fill other positions in order to get freed men eligible for overseas service.

General News

The Quaker Oats Company has purchased the old Alberta Grain Co. elevator at Bawit, taking possession last Saturday.

Chas. F. Law has arrived in Edmonton, from New York and Chicago, as representative for D. A. Thomas, and is arranging to go north with a drilling outfit to test for potash. Fifty per cent potash is now worth \$300 a ton and the chief supply has heretofore come from Germany.

Rosalind of Old Basing, the champion Jersey butter cow in her line of the British empire, any age or breed, raised and owned by Miss C. A. Julian-Sherman, finished in April last another year's test of 12, 954 pounds of milk, and 89 1/2 pounds of butter. She is 13 years of age, and is now giving 25 pounds of butter a day—Red Deer News.

Ottawa, July 3.—A special press bulletin issued today by the Census and Statistics Office gave a report on the condition of field crop at the end of June, as summarized from telegrams received from the Dominion experimental farms and stations in accordance with arrangements made between the departments of trade and commerce and agriculture. The reports show that the prospects for grain crops are excellent throughout the west, but the crops being about ten days later than last year's much will depend upon freedom from early frosts.

The low postal rates granted by the Canadian postoffice to publishers of newspapers, is abused by many of the daily papers in the Dominion. Subscribers many of these papers are sold below cost, in order that the publishers may obtain advertising rates based on their actual paid up circulation. The majority of the daily papers in Canada are simply advertising mediums, or organs for political aims and big corporations. Their editorials on many subjects are of no value, being colored to suit the power behind the overcoat. Their news items are often written to suit their own game without regard to the truth. The postoffice should not be used as a means for subsidizing advertising literature.—Ex.

Complaint has been made some times that autoists are too fond of using the whole road to the detriment of the horse drawn vehicles. The shoe seems to be on the other foot now, however, as a dedicated kick has recently been made that some farmers driving along the road refuse to give way the least bit when an auto comes along behind a horse drawn vehicle. It seems that there is considerable friction yet to overcome between the two classes. The autoist and the horseman have an equal right to the use of our highways and the least one reasonably exact is common courtesy to one another when meeting or passing. And if it is a mistake to charge a heavy penalty for the driver who refuses on request to share up the road with another driver.

A little school girl living not far from Wetaskiwin has written the following essay on the duck: "The duck is a low, heavy-set bird. He is a mighty poor singer, having a course voice caused by getting a many from in the water and getting a toy balloon in his stomach to keep from sinking; the duck has only 10-15 words and when he is out of luck on his running gear that he came pretty near missing his body, some ducks when they get curbs on their tails are called drake and a don't have to set or hatch but eat everything in sight; if I were to be a duck I would rather be a drake, they have a wide bill and they use it for a spade, they walk like a drunk man they bob and wobble about on the side to side, if you see them they will flap their wings and try to make a pass at singing."

SUMMER TRAIN SCHEDULE

The new time table advertises the following trains:

SOUTHBOUND
No. 522 leaves Edmonton at 23.55, arrives in Wetaskiwin at 1.40, and reaches Calgary at 7.30.
No. 524 leaves Edmonton at 8.30, reaches Wetaskiwin at 10.05, and arrives in Calgary at 15.30.
No. 52 leaves Edmonton at 22.30, reaches Wetaskiwin at 23.59, and proceeds on to Winnipeg.
No. 523 is a local train leaving Edmonton at 15.00, reaching Wetaskiwin at 19.35, and arrives at Red Deer, its destination, at 21.40.

NORTHBOUND
No. 321 leaves Calgary at 23.55, reaches Wetaskiwin at 6.05 and Edmonton 7.30.
No. 523 leaves Calgary at 8.25, reaches Wetaskiwin at 13.44 and Edmonton at 15.10.
No. 51 arrives from Winnipeg at 5.40 and reaches Edmonton at 7.00.
No. 537, the local, leaves Red Deer at 8.00, leaves Wetaskiwin at 10.15, and reaches Edmonton at 11.50.

HARDISTY LOCAL
The Hardisty local, which connects with the Red Deer local for Edmonton, leaves Hardisty at 6.30 a.m. and reaches Wetaskiwin at 9.55. Returning, the Hardisty local departs after the arrival of the Red Deer local from the north, at 13.45, reaching Hardisty at 23.20.

CLAIMS TO HAVE

FOUND SECRET OF
DYEING PROCESS

Winnipeg, July 8.—Germany's monopoly of the dyestuff industry may be wrested from her for all time and definitely transferred to Canada by the invention of a Winnipeg man.

The inventor of the new process for the extraction of dyestuffs from coal and tar is H. F. Brooks, chemist, assayer and expert in mineralogy, who is well known in mining circles all over western Canada and the northwest states.

It was while working as assayer at the new gold fields near the Pas that Mr. Brooks conceived the idea of making coal tar dyes. He devoted all his leisure time during many weeks to experimenting; along the lines he felt convinced would lead to the desired goal. As yet only indigo blue has been produced, but that is the parent dye from which others can be evolved with comparative ease.

The matter has already been taken up by textile manufacturers in Massachusetts, and a syndicate, a Lowell, Mass., is negotiating for a half interest. If they come to terms it is probable that an international organization to control the output of the Brooks laboratories will be established.

A party of strangers were visiting at the college. It was in the late fall, and the air was crisp and cold. Says the Youth Commissioner: "One of the members of the party, a very charming young woman, was escorted through the grounds by a learned but very much preoccupied professor. Suddenly two members of the track team, accoutred for their sport, passed them. The young woman, who was looking at them with a dainty shiver, as she gazed after the runners, 'to be without stockings.' The professor's mind deep in contemplation of the fourth dimension, was attracted by the sound of the girl's voice. 'Then, why,' he said absently, 'did you leave them off?'

AN EARLY GERMAN COLLAPSE UNLIKELY

London, July 12.—A correspondent says: "I had the opportunity of discussing with a number of experienced observers who left Berlin on Wednesday, and they hold out no hopes of an early German collapse, saying the nation while weary and longing for peace, is still confident of a German victory. England must pay for this, in the saying of old soldiers, who admit the coarseness and severity of the war."

The Germans are mostly afraid of the Russians. "Tales of alleged ruthlessness by the Russians are having the effect of making Russian subjects in Germany better than before, the Germans fearing subsequent reprisals."

My informants, who are in possession of and know the real facts, ridiculous accounts reaching England, of central German strikes against the war.

They said the food riots were unimportant. Certain social democratic leaders, notably Bernstein, are persistently criticizing in lectures the German methods and the aspirations of the military party, but their public is limited.

The main food shortage is potatoes, of which the supply is absolutely exhausted, but the people are promised this shortage will be remedied with the new crop. The German harvest is reported as a record one, my informants say.

"The German collapse, when it comes, will be sudden. The general nation will struggle to the last point, then suddenly crumple up and there are no signs of any collapse yet."

These opinions confirm much reaching me from other quarters.

GERMANY'S HEAVY LOSSES

London, July 9.—German casualties from the beginning of the war to the end of June, as computed from official German lists, are given as 1,912,637, in an official statement made public here today. The announcement follows:

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. Each box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

WARNING TO PARENTS

The provincial department of education is determined to strictly enforce the "Attendance Act" (formerly the Truancy Act) by instituting an action taken recently by Inspector Boyce in a school district west of Inland.

The father of a young girl about 15 years old was summoned under the provisions of the act for not sending her to school or providing satisfactory certificate that she was receiving proper education otherwise.

It was claimed the defence, that he himself was teaching the girl, and the inspector offered that if the girl were examined by a school inspector, his certificate would be satisfactory. This was not done, hence the action. The parent was fined \$1 and the costs of the case, amounting to \$6 or \$7 more. He will now have to send his child to school or be liable to further fine.

The law requires that every child of school age must be sent regularly to school, provided there is a school within 2 1/2 miles in the case of children under ten years or within 3 1/2 miles if they are between 10 and 15 years. The department is determined to strictly enforce the law.—Province.

CAMROSE

(From The Canadian)

A new siren alarm was installed at the power plant a week ago Monday. The Calgary Central Railway installed a new 1000 pound siren on a Wednesday of this week. The volume of business has no increased that it was found necessary to add a large capacity siren to the equipment.

Mr. and Mrs. Thos. Spencer and a family were visitors in Wetaskiwin over the holidays.

Miss Webster, of the Camrose Grocery returned to town on Sunday evening after a holiday in Wetaskiwin. She is the daughter of the Viking who has been residing in the New Norway district, is leaving on Saturday for Winnipeg.

John McMillan has sold his 300 acre ranch at Kingman to Edmund Thompson. This land deal was a surprise to the public at large who were fully convinced that these veteran landowners would never give up the same idea at the same time.

A C.N.R. freight train running south on Monday, met with an accident on account of the heavy rains which washed away a section of the road-bed, leaving the track without sufficient support. The engine was slightly injured, but was taken to the Camrose hospital. Traffic on the line was held up for about twenty hours, this inconvenience being the worst feature of the accident.

It is quite probable that the majority of western people give only a passing thought to the queer looking outfits which may be seen on our streets almost daily at this time of the year. To the down easterner, however, the appearance of Mr. Jackknife or Mr. Whitefish with his half donkey looking eyes and as many humorous specimens of the canine tribe, to say nothing of a wife and several black haired, brova faced, round-eyed papooses, would excite the interest of almost any new-comer. The half breeds are now returning from the north where they have been trapping during the winter and spring. In a short time it will be a common sight to see several half-breed women offering lovely beaded moccasins, bags and so on for sale.

During the six months just ended there have come to Western Canada 8,156 immigrants from the United States. These people brought with them \$2,131,428 in cash and effects. Figures showing the remarkable development of immigration from the States have just been issued by the Commissioner of Immigration, J. Bruce Walker, of Winnipeg. As compared with the corresponding period of 1915, each successive week of this year has shown a gratifying increase. For instance during the week ending June 27 last, 262 settlers arrived. In the week ending June 24, 1916, there were 147 settlers.

General News

The Quaker Oats Company has purchased the old Alberta Grain Co. elevator at Bawlt, taking possession last Saturday.

A. J. Price, who has been conducting a gents' furnishing business at Camrose, has made an assignment for the benefit of his creditors.

The C.P.R. work train of the Wetaskiwin sub-division line is busy these days cleaning ditches, leveling up and improving the track generally.—Bawlt Sun.

Edmonton, July 9.—Two masked men entered the cashier's office at the car barns at 7 o'clock Saturday evening and after covering the cashier with guns secured over \$300 and a large number of tickets amounting in value to over \$400.

Calgary, July 9.—John Dart, his wife and two children were drowned in the Red Deer river this afternoon at Rosedale, about 85 miles north of here. The river is in flood, and the boat in which the Dart family were endeavoring to cross the stream was capsized and all were lost.

Ottawa, July 4.—It is understood on good authority that the next Canadian war loan will be offered to the Canadian public in September. The amount is not yet fixed, but it will run from fifty to one hundred million dollars. It will be the loan of last November, a popular offering.

Ottawa, July 3.—A special press bulletin issued today by the Census and Statistics Office gives a report on the condition of field crops at the end of June, as summarized from telegrams received from the Dominion experimental farms and stations in accordance with arrangements made between the departments of trade and commerce and agriculture.

The reports show that the prospects for grain crops are excellent through out the west, but the crops being about ten days later than last year much will depend upon freedom from early frosts.

Calgary, July 8.—His Royal Highness the Duke of Connaught and a Strathearn today paid his last visit to Calgary in his capacity as Governor General of Canada. The duke arrived in the city from Banff, where he and the duchess and the Princess Patricia are holding a party at an early hour this morning, but did not leave his special train until the day was well advanced. On alighting at the platform he was greeted with a hearty cheer from a small concourse of spectators, who had managed to reach the station placed on all sides of the station.

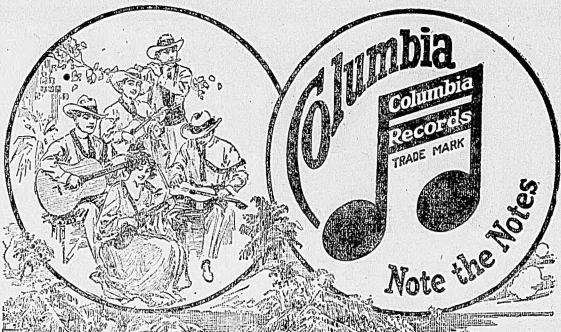

Toronto, July 10.—Military men state that it is the intention of the headquarters to make use of the order of last spring by which recently authorized infantry units were drafted into other battalions if they did not reach a strength of 600 men when it was necessary to return to camp for summer training. It is pointed out that the competitive system of obtaining recruits has not had good effect since early spring. The most successful method would be to bring as many battalions up to strength as possible immediately that they may have battalion training at the camps. Unless this is done the training of many units will be incomplete when the summer camp breaks up.

An amusing instance of how the wrong impressions of the situation in Canada is created is reported by an officer of the G.T.P. railway. A party had been formed in a Pennsylvania town with a view to spending the vacation in Canada. Every member was requested to write the journey, when a lady member of the party received a letter from her aunt in Toronto. "We are all busy here waiting for the soldiers," wrote the Canadian lady, "and there is very little entertaining." This innocent phrase was wrongly constructed, and passing from one source to another became so exaggerated that it was eventually agreed that it would be inadvisable to visit a country so given up to war preparations that even the ladies could not cease their knitting to welcome visitors.

It has been generally supposed the country editor has the toughest time on earth, but one of our local medical men has the following, and it indicates that there are others:—

"The average man will give an attorney from three to five thousand dollars to keep him out of the penitentiary for two to ten years, yet at the same time will raise a phosphorescent glow and a kick that can be heard around the world if a doctor charges him fifty or a hundred dollars to keep him out of hell for a life-time. We are the only people, under God's ethical tent today, who keep open shop for twenty-four hours a day, for they have tried and sixty-five days a year. We are also the only laborers who keep on working for people who do not pay."

Wood's Great Peppermint Cure. The Great English Remedy. Cures and Relieves the Cough, Croup, Whooping Cough, Sore Throat, Bronchitis, Asthma, Hay Fever, and all the ailments of the Throat, Lungs and Windpipe. Sold by all Druggists. Haunting Hawaiian Melodies recorded for the Grafonola

—Columbia Records that really convey the strange fascination of Hawaiian music, and the romantic atmosphere of the South Sea Islands.

The plaintive minor wail of soft female voices against the rich choral background of deep-throated male singers in

COLUMBIA DOUBLE DISC RECORD
NO. A 1516—85c.

"ALOHA OE"

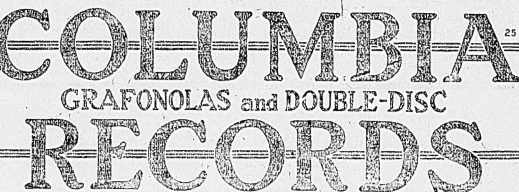

sung by
Toots Paka Hawaiian Company
will thrill even those who have never visited Stevenson's beloved "Isle of Dreams," nor heard the distance-soured chorus floating faintly over the waters on velvet-dark Hawaiian nights.

"The Hawaiian Melody" on the reverse of this record is an odd blending of the wild melancholy and still wilder merriment of Hawaiian instrumental music. No one can remain unresponsive to the all-but-human notes of the South Sea guitar, or the rhythmic throbbing of the *ukelele*—the appeal of Hawaiian music is well-nigh universal.

For a novel "Musical Evening in the South Sea Islands," your dealer will be glad to make suggestions from among the many Columbia records listed in the special Hawaiian catalog. Hear "Kamawee," the original Hula dance, and others, by the same inimitable company of Hawaiian musicians.

If no Columbia dealer near you write for Catalog to

A MIRACULOUS CURE OF CHOLERA INFANTUM By Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY.

Cholera Infantum is one of the most common summer complaints of infants, and many die who could be saved if properly looked after on this sign of the trouble.

It begins with a profuse diarrhoea, very often accompanied by vomiting, and the matter ejected from the stomach has a bilious appearance. The child has a bloated abdomen and becomes weak and languid.

On the first sign of cholera infantum Dr. Fowler's Extract of Wild Strawberry should be administered, and thus check the diarrhoea before it becomes serious.

Dr. Fowler's has been on the market for the past seventy years, so you are not experimenting with some new and untried remedy when you use it, but are sure and get "Dr. Fowler's" when you ask for it.

Mrs. B. A. Cirwell, Rosoway, N.S., writes: "I can recommend Dr. Fowler's Extract of Wild Strawberry most highly. A friend of mine had a little daughter who was ill with cholera infantum, and was given up by the doctors. The little one's mother asked me to come and see the child. I told her I had a bottle of 'Dr. Fowler's,' and asked her if she would try it. When the bottle was half used the child was well. This cure was a miraculous one, for I thought the child was dying at the time."

The genuine Dr. Fowler's Extract of Wild Strawberry is manufactured only by The T. Millburn Co., Limited, Toronto, Ont. Price, 35 cents.

GILLETTS' LYE EATS DIRT

Successful U.F.A. Picnic

The U.F.A. picnic held on Dominion Day at Bullhorns Corner was a decided success. Alberta's first "dry" day proved to be an ideal one, and in spite of the wet muddy roads as a result of the heavy rain the previous day a large number turned out, a few visitors from the local unions of the surrounding districts being in attendance.

The address by Mr. Rice Sheppard of Edmonton, was very interesting. He touched briefly on facts and figures vital to agricultural problems, compared present prices of products with those of a few years ago, and added a few words of advice in regard to the association. We only regret that time did not permit of a longer speech. The chairman, Mr. Manser, of Lewisville, then spoke a few words of appreciation and three hearty cheers were given.

There was a good program of athletic sports, the prizes being distributed as follows:

Boys' foot race, under 12 years—Roland Recknagel, 1st; Alvin Nelles 2nd.
Boys' foot race, 12 to 15 years—R. McKenna 1st; W. Holt 2nd.
Girls' race, under 12 years—Alice Bell, 1st; Mary Campbell, 2nd.
100 yard dash—Albert Bell, 1st; 1 mile race for men—Lynn Johnson, 1st; Albert Bell, 2nd.
Children's race, 5 years and under resulted in a tie.
Running High Jump—tie.
Standing High Jump—R. A. Parker.
Horse Race—A. H. Swanson.

There were also two baseball games played, Cherry Grove and Haultain being the first teams to play. The game was very close and the result was 15 to 14 in favor of the home team. The second game was played with Gwynne and Haultain, but the home boys were there to win, the result being 9 to 7. Mr. Arthur Holtcup umpired the first and Mr. R. A. Parker the second game, both umpires proving entirely satisfactory.

The committee in charge, Messrs. A. Johnson, P. Hawkison and O. Reimer deserve great credit for the able way in which all the arrangements had been made. All report a very enjoyable time.

"Two workmen were discussing the war, obviously under the influence of a great deal of unofficial news, 'it'll be an awful long job, Sam,' said one. 'It will be all right,' replied the other. 'You see, these Germans are taking thousands and thousands of Russian prisoners, and the Russians are taking thousands and thousands of German prisoners. If it keeps on all the Russians will be in Germany and all the Germans in Russia. And then they'll start fresh all over again fighting to get back their homes'."

GET A FARM OF YOUR OWN

TAKE 20 YEARS TO PAY
The land will support you and pay for itself. An immense area of the most fertile land in Western Canada for sale at low prices and easy terms, ranging from \$11 to \$20 for farm lands with ample rainfall—ranging from \$25 to \$75—One-twentieth down, balance within twenty years. In irrigated districts, lots for farm buildings, etc., up to \$2,000, also repayable in twenty years—interest only 1 per cent. Privilege of paying in full at any time. Free to your opportunity to acquire land, holdings by getting adjoining land, or secure your friends neighbors. For literature and particulars apply to

Court 3—A. Kerr and Miss V. Kelley vs. A. Rosenroff and Miss Chavira.

ALLIED FORCES

CONTINUE THEIR

ADVANCE MOVES

London, July 11.—This was another good day for the allies, who are making a steady advance on all the fronts. A striking illustration of the difference in the relative position of the Allied and Teutonic forces, and of the remarkable change from defensive trench warfare, which characterized the allied operations for so many months until the present summer is found in the number of prisoners taken and the guns captured. These for the battle of the Somme amount to 22,000 prisoners and 184 guns captured from the Germans, while the official figures are 271,200 prisoners, 312 guns and 866 machine guns for the Russian General Brusilov's drive to July 10.

Today's news is of sustained and heavy fighting on almost all the fronts, the allies making consistent progress with only occasional setbacks. The British have finally captured the fiercely contested town of Contalmaison, after desperate day and night fighting, and are now holding the town against German counter attacks. The importance the Germans have attached to this position may be measured by the fact that they recently threw the Prussian Guards into the fighting at its point.

BRIGHTVIEW

Finest growing weather that anyone could wish for—pleasant, warm and sunny weather. The grain in several places is heading out.

The Farmer's picnic held on Saturday was a decided success. The morning threatened rain but in the forenoon it cleared up and by one o'clock a large crowd had gathered. A ball game and other sports such as running and jumping, and a rope pulling was indulged in, but the best we wish to refer to was the speaking and the music. The speaker, Mr. Baker, of Ponoka, was surely one of the best and the crowd that listened was well paid for the trip out. Music was very fine and was rendered by a band from Crooked Lake, the people being treated to several very fine selections.

The dwelling house of Mr. Miller on the west side of Bear Lake was burned to the ground last Monday evening. The farm is known as the old Goodhouse, and was owned by Adam Kaiser, Sr. We have not learned how the fire started.

Alfred Kline is building a new house on his homestead to be occupied by his tenant.

A. P. Christianson purchased a new motor last week while in Wetaskiwin.

The store's loss through these parts a few days ago and stopped to rest near the home of August Krause, and he must have been frightened away very suddenly as he left a little boy which was found by August after he had gone. August says he is not going to give him up.

Miss Edith McCann visited with her sister Mrs. Peterson on Saturday and Sunday.

The Brightview school board met at Mr. Lou Hanna's last Tuesday.

Mr. and Mrs. Mithall of Battle Lake visited with Mr. and Mrs. J. Olsen last Tuesday and Wednesday.

PLEASANT PRAIRIE

A large number of young people from here attended the U.F.A. picnic and dance at Lone Ridge last Saturday.

Mr. and Mrs. Joe Carruthers, Ott. to Tipper, Thos. McCredy and six others attended the exhibition at Edmonton this week.

Mrs. Lou Hanna is visiting friends at Angus Ridge.

Ed. Keeler and family of Battle River, Mr. and Mrs. Schwab, Otto Schwab and family, Mr. and Mrs. Carl Bauer, Mr. and Mrs. Foster, Mr. and Mrs. J. Krause were visitors at Gus Bailer's on Sunday.

The regular monthly meeting of the U.F.A. was held on Monday evening, and several new members added.

Wm. Dorring, president, Edward Schmidt, secretary, and Mr. Baker of Ponoka, organized a union at the Hillside school last week.

Paul Dickan, sr., is visiting friends and relatives at Camrose.

Mrs. Rudolf Hammer of Leduc is visiting at her father's Paul Dickan's.

The German Baptist church choir are to weekly practice for a grand concert in the near future. They assembled at the home of Sarah Krause on Sunday evening, under the tutelage of Rev. Mr. Hoffman.

Phonisms.—Yes, the Frapedrat Kid and Rudy Duffly will be at the young Indians' leap year party.

The indispensable Coolley has arrived on the scene again after a week's absence.

Why don't you take The Times and get the local news?

When are you going to start haying?

Leo Ford is erecting a fine new residence.

W. K. Venable and family motored to Edmonton to attend the exhibition this week.

HILLSIDE

It may interest some of the residents around Hillside who knew him, to learn that Bruce Forester, a native of Hillside, has just returned from the King and Country. The following letter written by him about two days before his death, to Mr. and Mrs. Roberts of Langley, Prairie, B.C., may also be of interest as showing a vivid insight on this terrible war.

Belgium, June 5, '16
Dear Mr. and Mrs. Roberts:

I wish to express the deepest sympathy in the loss of your son. That evening I happened to be guided to the party he was in. There had been very severe fighting, and we had some work that had to be done, and the whole time we worked, we were under heavy fire, but it was so we had finished and just starting for home, when an attack started again, and we were forced to go through a curtain of fire, and it was in this that Fred was killed by a shell, which also got some others.

I must say that I felt the boy's death very much, having known him for so long, really I do not know how any of us could get over it. It was a miracle, the fire from the enemy was awful to say the least. I would like to assure you that your son died a very noble death, and it was only by having such fine fellows as your boy that we were able to drive the Germans back and in the end will beat them. Fred was very popular among his fellows, and they all regret his loss. Being at the head of the party, I did not know until later that he was killed. You will have heard from his officer and some of his associates, so I will close now with very deepest sympathy.

Bruce Forester,
3rd Pioneer Batt.

ANGUS RIDGE

Mrs. L. Hanna of Brightview visited at the home of Mrs. P. E. Peterson recently.

Mr. Arthur Woodrow is visiting at Montrose.

Mr. E. B. Switzer has purchased a quarter section in the Cherry Grove district.

A large number from here are attending the Edmonton Fair this week.

Mr. Chas. Nelles has purchased a Ford car.

Mr. B. C. McRae of Coronation, returned home on Thursday, after spending the past week with friends here.

Mrs. Willson, of Brandon, is visiting her sister, Mrs. John Arnold.

CATTLE CONDEMNED

Edmonton, July 7.—The Saskatchewan live stock commission was in session here this morning. In the afternoon visiting the packing plant of the Swift Canadian Co., and this evening held a conference with the Dominion government inspectors, Dr. Ross and Dr. McCallum. At the morning session much interesting data was given by L. Harris in connection with livestock credits by the banks and commission men in the United States. The views of many previous witnesses on the subject of insurance against condemnations, procuring of livestock statistics, justice of charge for car cleaning, and need of more elastic credit was confirmed. The condemnation of cattle was referred to by R. B. Hunter, of the Swift Canadian Co. last week said Mr. Hunter, over 40 per cent of hogs were condemned for tuberculosis. There is now more condemnation of cows now than before, while cattle on the range seem affected.

Dr. Rutherford stated that between 13 and 14 per cent of Scottish cattle were condemned, compared to 22 to 25 per cent of Canadian cattle last year. Bulls have made, which is prevalent in the country now, and they are condemned.

CROP CONDITIONS
THE EQUAL OF 1915

"I consider crop conditions today as good as last year, but for some reason or other, the stocks are very much better on the grass than then," said Hon. Duncan Marshall, minister of agriculture. "I have never seen in my life live stock better on the grass than this spring," he repeated, indicating how the fact had improved itself upon him.

Speaking of the demonstration or mixed farming trial, Mr. Marshall said that it was being well attended. He added: "I have received letters and remarks of appreciation from all the places visited. We had on Saturday fully 1,500 people at Lacombe and we had no less than a thousand at Ponoka, showing how the interest of the people of the province has been aroused."

No law is ever strictly enforced, says the Alberta, but any law which has the sanction of the people is likely to be well enforced if the duty of the law-abiding people of this province to do their part in assisting in the enforcement of the Liquor Act. The people asked for prohibition; they enacted prohibition; they must do their part now to enforce it.

A shoe or boot that has been wet usually stiffens, thus making it very uncomfortable for the wearer's foot. To prevent this, rub the leather well with paraffin, when the hardness will be removed, and the shoe will be found quite pliable and easy.

Cook's Cotton Root Compound.
A safe, reliable regulating medicine. It is sold in 25¢ and 50¢ bottles. It is sold by all druggists. It is sold by mail for 25¢ per bottle. It is sold by mail for 50¢ per bottle. It is sold by mail for 25¢ per bottle. It is sold by mail for 50¢ per bottle.
